

SOLUTIONS WITH 40 YEARS OF EXPERIENCE

DEFANCE
TEXTILE

ABOUT US

Established in 1977, Defance Textile operates mainly in sportswear and textile promotional products export. Defance Textile leads its export activities with a creative and dynamic working environment, strong technical infrastructure, state-of-the-art machinery and talented human resources. The company gained years of experience in export, numerous quality certificates, and is a member of a number of organizations such as the chamber of commerce, exporters' association and PSI.

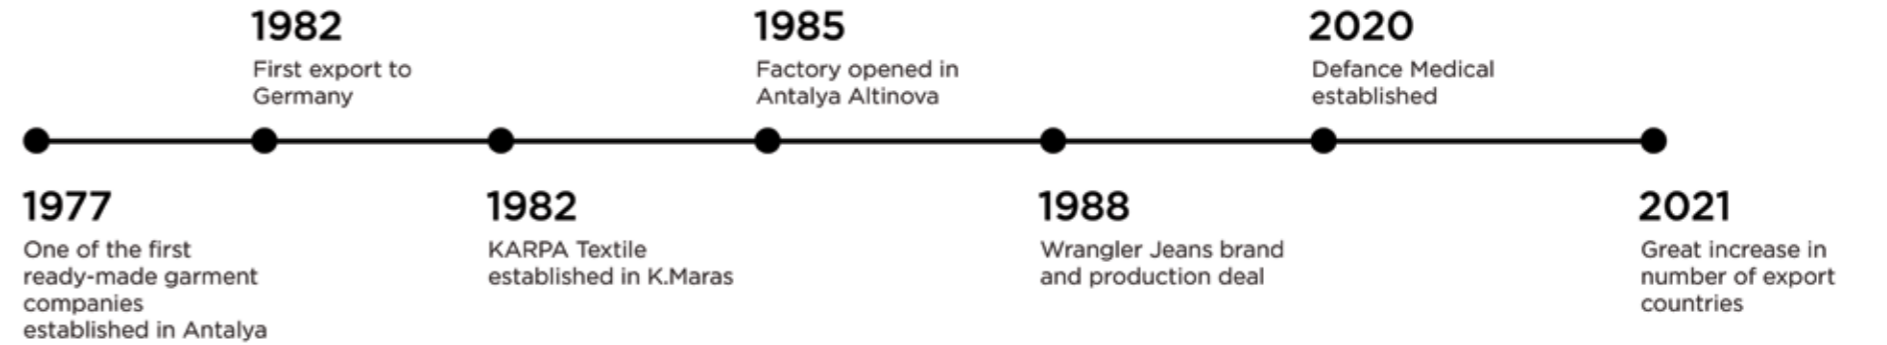

Production is carried out in a modern facility of 3000 m² with multiple stations consisting of computerized CAD Gerber model preparation, planning, cutting, sorting, 2 pcs. 18 heads 12 color octopus printing machine, 3 Mimaki digital printers, 2 Barudan embroidery machines, sewing, quality control, ironing-packaging and shipping.

Our company specializes in knitted and woven fabrics and supplies the products you need at the highest quality, in the shortest time and at the most affordable price.

TIMELINE

VISION AND MISSION

We serve as an example of working in sync with global brands and international promotion companies. We increase our estimated export targets by using ecological products due to innovative and recyclable production.

Honesty, transparency and sustainable quality constitute fundamental principles of our company. We comply with certification rules by applying all social responsibility standards, as well as traceability and auto control, at all stages of production.

All our goods in such areas as fashion, promotion, workwear and medical wear are produced with high added value. We frequently use organic products to ensure the least possible damage to the environment.

Our main goal is to achieve customer satisfaction while using water-based organic materials in our paints and prints. Precise understanding of our customers' needs and requirements enables us to plan procurement and production techniques accordingly.

CEO

CEO'S MESSAGE

Defance ready-made clothing was established as a family company and since then we have proved what we can achieve by genuinely enjoying working and producing. Today, we continue the journey we started about 40 years ago, and our hearts never lost the excitement.

As an internationally operating company, in our journey encompassing textile and medical goods production, we have achieved great heights, and have turned ourselves into a constantly growing and developing company. However, we still see ourselves as a family company, and are still excited of what's to come.

Our team is open to innovation and technology and works with great determination to follow world standards and norms, continues its modern and innovative growth and strives to be a world citizen.

We keep our entrepreneurial spirit from the very first day and continue business activities paying attention to innovation, fashion and new trends. Our only goal is to represent our country in the best way internationally and to serve as an example.

Sustainability is as important as success. We will continue to grow as a sought-after brand for every global customer and to contribute to our country's economics.

**OUR
PRODUCTS**

DAILY SPORTSWEAR

Knitted or woven products for men, women and children, produced from natural or synthetic fibers according to European standards, for many well-known brands, in any color, print or embroidery type.

ACTIVE SPORTSWEAR

Men's, women's and children's clothing, suitable for the movement and agility of sports, hypoallergenic, wrinkle resistant, sweatproof, suitable for multiple washing, flexible and formfitting.

PROMOTIONAL CLOTHING

Corporate clothing produced from fabrics made of natural or synthetic fibers, with design and quality that highlights the company logo or name.

WORKWEAR

Various in-house clothing products that are functional and durable, resistant to washing up to 60 degrees, produced in accordance with the company's needs and preferred usage.

VARIOUS PRODUCTS

Products that best introduce your company, such as hats, aprons, socks, towels, etc., highlighting the brand or slogan, for both promotion and utility needs.

PRODUCTION MATERIALS

COTTON

Colorful fabrics with varying yarn thickness and blend, carefully dyed and sensibly produced so only natural materials come into contact with your skin.

ORGANIC COTTON

GOTS certified products that undergo all stages starting from field control of the cotton planting process and are not subjected to any chemical pesticides or fertilizers.

POLYESTER

Once it was hard to imagine that a synthetic polymer made from petroleum would one day become one of the most important fabrics in the world. Since then it has become a necessary part of sportswear.

RECYCLING

A pet bottle, a piece of clothing you don't want to wear any more. As our part in respecting a clean environment, we support certified recycling for sustainable agriculture and unpolluted nature.

MIXED FABRICS

Technological development has created wonders with synthetic yarn blends as well as mixing natural yarns. Just imagine.

QUALITY POLICY

Defance Textile Company's vision is to meet customer expectations by using up-to-date technologies and machinery.

Achieving general and specified targets with team spirit based on the Total Quality philosophy

Developing policies and strategies of each department in line with policy and strategy of the company

Determining preventive approaches to improve our performance by reviewing business processes with a simultaneous self-assessment

Increasing efficiency of all processes to a level that can compete at the international level in line with a continuous improvement approach

Timely delivery to our suppliers and customers by ensuring faultless production in one go

Continuous pursuit of innovative and creative approaches

Carrying out trainings to develop technical and behavioral competencies

Unified management of Environmental, Occupational Health and Safety Management Systems

Striving to be an exemplary organization by leading the way in textile industry in terms of quality

Sustainability is as important as success. We will continue to grow as a sought-after brand for every global customer and to contribute to our country's economics.
